Attack Luther Burbank.

A number of horticulturists have drawn sword and dagger and prepare to battle with Luther Burbank. They brand him as a fake and roast him unmercifully, claiming that Burbank's products have no commercial value. That there is no demand for them. That they are of no benefit to the world, but serve merely to gratify himself and his admirers.

They say in part: "Burbank did not create the spineless cactus. It is a plant which has been grown in Mexico for years; likewise the crimson winter rhubarb was grown in Australia before Burbank ever heard of it. Most of his products are similar to these. We do not consider him a wizard and do not consider anything wonderful about his results. It is a plain case of skillful faking. The wonderberry introduced with a grand blare of trumpets by Luther Burbank and sold by many florists throughout the United States, is dangerous to human life and should not be sold without the accompanying warning that it is poisonous. I have identified the Burbank wonderberry with the wild black poisonous night shade, registered in all botanical books as Solanum Nigrum Linnæus. This wonderful fake, so skillfully unloaded on the unsuspecting American public with omission of its botanical name as a guard against detection, needs the guardian ship of the pure food law."

By way of answer to these criticisms Burbank says: "To begin with, right at the outset of the resolutions adopted by the Pasadena gardeners they say 'nature faking and alleged false new creations.' It does not look much like fraud, does it, when for the last twenty years seedmen in this country and in others have been constant customers and warm friends of mine. * * * Then P. D. Barnhardt, the investigating committee for the Pasadena Gardeners' Association, comes along—comes here in an opposite frame of mind, argumentative, and seemingly here just for the purpose of doubting. He was so deaf that you could hardly talk to him. And he reports back to the association that 'Burbank has three acres of land upon which he performs all his wonders and I did not see any of his so called wonders.'"

"This statement is absolutely false and just shows how little he knows. I have twenty-three acres of land at my experimental farm near Sebastopol, four acres of experimental grounds in Santa Rosa, two acres in another part of the county and two thirds of an acre in another place, all of which land is devoted to experiments. "Then Barnhardt says he did not see any creations. Certainly he did not, for he did not go where they were. "When new creations are sold they are removed entirely from my place. I do not keep any of them. It would be unjust to the purchaser, for the sale is absolute. "Talk about alleged nature faking and false creations, possibly the Pasadena Gardeners' Association and Mr. Barnhardt do not know that the Burbank cherry in 1907 sold for \$15 for a ten-pound box and later in the season at \$7 per ten pound box by the carload, and in 1909 at \$31 per ten pound box. These sales were at auction. Fruit men on the Pacific coast call it the 'King of Cherries'."

Then look at the wonderful productivity of the Burbank potato and the millions of bushels that have been raised for thirty-three years, or the Burbank Crimson Winter rhubarb now being planted by the thousand acres."

More Machinery

Adam Adler has just received a large sticker and a large saw frame and will shortly install them in his mill. He will also build an addition to the mill, to enable him to handle the rapidly increasing business. Mr. Adler reports the past few months' business the largest ever turned out and prospects good for the future. And so it should be. Any person who attends strictly to business and is a conscientious business man like Mr. Adler and is constantly improving his plant should be encouraged. Thus will our town and valley grow and our several businesses with it.

Dance at Boyes Springs

Tomorrow (Saturday) evening will probably see one of the largest gatherings at Boyes Hot Springs, composed chiefly of people residing in the valley. The drawing card is a dance to be given by the ladies of St. Francis' church. This dance is the first of a series to be given this fall and is for the purpose of raising funds for improvement in church property in this city.

It is certainly for a good cause, and the attendance at these dances should be large, especially at the dance tomorrow night, to encourage the ladies in their efforts and show the appreciation of the public in their generous work for the church. Admission 25 cents. Refreshments served.

New School Law

In the new school law one of the most important changes made is in the statutes limiting them materially in the work of remodeling and repairing buildings and purchasing supplies. For the benefit of all interested the following extract of the code is given herewith:

"Before making any contract for the expenditure of more than \$200, to publish a notice calling for bids, stating the work to be done or materials or supplies to be furnished, and the time and place where bids are to be opened, at least once a week for two weeks in some daily or weekly newspaper published in the county; or if there is no such paper, then in some newspaper circulated in such county, and to let such contract to the lowest responsible bidder, who will give such security for its performance as the board may require, or to reject all bids; provided, that nothing in this section shall be construed to prevent the board from erecting or repairing school buildings or improving school property by days labor; providing said work does not exceed \$200 in cost, otherwise, all contracts for such work and materials to be made as herein provided."

Just Caught Little Ones

Last Saturday George W. Lewis, H. W. LeBaron, W. J. Mitchell and Fred Reeder drove to old Sonoma with LeBaron at the wheel. Mr. Lewis visited the scenes of his boyhood. He was a pioneer of Sonoma although no one would imagine such a thing judging from his appearance. Nevertheless he arrived in Sonoma in 1849. Consequently he was able to entertain his friends with many thrilling tales of incidents of early days in the historic town. After lunch and visits to places of interest the quartet repaired to the Sonoma draw bridge, but the fish they caught were so small, they say, that they threw them back into the stream to continue growing.—Press-Democrat.

A Slow Trip in a Sail Boat

Last week a party of friends were forced to spend half a day on Sonoma creek while out for a sail. Mr. Glen Bell, the best sailor on Tubb's Island was managing the boat on the occasion. They left shortly after noon and proceeded up Sonoma creek until they reached a short distance from Sonoma Landing. They then turned homeward and found the tide and wind dead against them. It became necessary for Skipper Bell to remove the sail and propel his craft by using the large oars. The party reached home about 8 o'clock in the evening. The party consisted of Lydia Masciorini, Marian Stack, Ermima Masciorini and Glen Bell.

Active at 87.

This would be unusual news if men and women would keep themselves free from rheumatism and all aches and pains as well as keeping their muscles and joints limber with Ballard's Snow Liniment. Sold by L. S. Simmons.

Superior Court Notes

Judge Seawell called the calendars in both departments of the Superior court Monday.

J. K. Smith was named administrator on the estate of W. B. Cobley, in bond of \$3,500.

The matter of the distribution of the property of the estate of George O'Farrell was continued to September 7, after argument. An exception was taken on the ground that the court has no jurisdiction.

The final accounts were settled and distribution ordered of the estates of Norcessus M. Gregg and Albert D. Martini.

The hearing in the Superior court of the matter of the estate of Felice Monaco was set for September 28.

These probate matters were continued: Estates of John Mills, to September 7. James Boylan to August 23. Mary Edith Snow, to August 16. M. Martinelli to September 7.

Irene De Martini was named guardian of the estate of Eveline De Martini in a bond of \$2,850.

The suit of Sabina Guimmi vs. Daniel Guimmi was set for trial on August 15.

The contempt proceedings in the suit of Mary E. Cook vs. Charles E. Cook, was continued to September 7. Default was entered in the suit of S. A. Nystrom, and the trial was set for August 16.

Carl Drossner was arraigned and his case was continued to August 16.

A decree quieting title was granted in the suit of Hunter vs. Culver, et al.

A decree was granted in the suit of Lippitt & Lippitt vs. Mary E. Pressey, foreclosing a mortgage. J. M. Thompson was named Court Commissioner.

The error was confessed and ten days allowed to amend in the five Petaluma Rock Company suits.

These matters were continued: Sonoma Land Company vs. N. W. P. R. Co. to August 16; John A. Fowler vs. Sarah A. Fowler et al, to September 7.

Beware of Ointments for Catarrh That Contains Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. M. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting promptly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure and get the genuine. It is taken internally and made in Toledo, Ohio, by F. M. Cheney & Co. Testimonials free. Sold by druggists. 75c. per bottle. Take Hill's Family Pills for constipation.

Wright Sails for Germany

Tuesday, Orville Wright sailed for Berlin, where he will make a series of flights in demonstration of the merits of the Wright aeroplane. He will make a brief stop in England, but Mr. Wright would not discuss the object of his visit to that country.

The general purpose of the flights to be made in Germany, he said, was to comply with the arrangements made last winter with the company organized for the manufacture of the Wright aeroplanes in that country.

Before sailing, Orville Wright had a word or two to say about the present capabilities of the Wright Brothers' aeroplane: "We have the official record of having flown at the speed of forty-two and a half miles an hour at Fort Myer. I don't know of any foreigner having done over a marked course a speed to exceed thirty miles an hour. At Fort Myer, on an unofficial test, I went at the rate of fifty miles an hour with the wind from the side."

General Marina, the Spanish Commander in Morocco, now has a total of 38,000 men at his disposal, and is completing his preparations for a concerted movement against Mount Gurgu, the center of the Moorish positions. The Spaniards have been bombarding Mount Gurgu daily. A Moorish vessel with contraband of war on board has been captured.

FRIDAY, AUGUST 13, 1909.

In another column of this issue appears a sensational charge against Luther Burbank, made by the Pasadena Gardeners' Association. Evidently this is a case of envy, jealousy or ignorance, and judging from the representative sent to Santa Rosa we are inclined to believe this body of upstarts in Pasadena to be ready to tear most anyone to pieces that their supposed cause may be promoted and their own names brought from obscurity and placed on a higher plane. Or, perhaps, our worthy representative from the south felt the importance of his commission too keenly and imagined himself "a man to be dined and petted, and that Burbank was his inferior and should be shown a few things as they do them in the south. Well, he lords it around in Santa Rosa a short time and then goes back with a report that Burbank is a fake. We are not afraid of Burbank's losing his reputation of many years standing.

"Pat" Calhoun still has his large force of press hirelings busy with pen and ink creating public sympathy for himself and his followers, who are doing their utmost to keep from wearing the stripes they so justly deserve. Marked copies of the "News Letter" find their way into our office and therein are expounded the virtues of Calhoun. Well may this paper appear under a yellow cover. It is very appropriate and saves us the bother of looking at its contents to learn its policies. In direct opposition to this paper we receive "The Liberator," a small paper published weekly in San Francisco and it is printed on white paper—in fact it is white all the way through, and is ever fighting for liberty and justice, a rapid prosecution of grafters and speedy punishment for all wrong doers, and in reply to Mr. Hellman, who bewails the financial stress and lays it all up against the prosecution, we clip the following:

"The trials of these men under indictment for the most serious crimes against the State is called a persecution, and is said to hurt business. Ruef, Schmitz, Glass and Coffey are of course included in those being persecuted for these crimes. What does Mr. Hellman and his financiers wish us to conclude as his standard of public virtue? He longs for return of those conditions existing before the graft prosecution begun, with its calamitous effect on the mind of the financier. Those were the days that the financier could help himself to the public pie, after paying Ruef and his henchmen the entrance fee. Those were great days for the financier. Now we are told that the attempt to break up that game so offends the financial instinct that it avoids San Francisco with the cry 'unsafe, unsafe.' The cry of 'unclean, unclean,' we are to infer would have different effect on this curious financier, but quite the contrary, lure him with a siren voice,—in fact we are to long for the day when we can again cry 'unclean, unclean,' and there will be no graft prosecution to persecute briber or bribe taker."

Inquiries are now being made daily at this office by parties seeking lots in our city. Some want cheap lots on which to erect summer houses and others pick out a certain lot that fills their wants and expect us to buy for them at reasonable prices. We are not in the real estate business only so far as to assist strangers to locate property and induce them to remain with us. Frequently parties leave this office dissatisfied because we are unable, on the spur of the moment, to tell them the different prices on property surrounding the city. Real estate men and others should keep us posted of the property they have for sale, and, perhaps we can be of assistance to them in finding suitable purchasers.

Chamber of Commerce

The Sonoma Valley Chamber of Commerce met in regular session in the City Hall last evening and transacted the following business, President Duhring presiding:

Committees covering the several departments of the organization were appointed as follows:

TRANSPORTATION
W. F. Clewe, chairman; Wm. Lichenberg, Theodor Richards, Capt. P. N. Stofen, W. S. Miller, O. C. Benjamin and Louis Lamotte.

HIGHWAYS
Robert P. Hill, chairman; E. L. Parramore, H. L. Gunloch, A. Prosser and M. P. Akers.

PUBLICITY
J. Prestwood, chairman; R. A. Poppe, J. K. Bigelow, Richard Platt and L. S. Simmons.

RECEPTION
M. E. Cummings, chairman; Capt. H. E. Boyes, H. F. Bates, C. E. Johnson, L. L. Lewis, and E. T. Allen.

INDUSTRIES
G. W. Reed, chairman; O. R. Wagner, A. W. Adler, A. Pinelli and R. L. Watt.

J. K. Bigelow was appointed as a delegate to the Bay Counties Association meeting to be held next week at Fort Bragg.

Several letters of inquiry have been received from parties seeking literature from this section and the publicity committee were to take steps and report size, quantity and cost of such literature as would be necessary to cover our section.

A communication from Utah was read, stating that no diseased fruit from California would be allowed on the market.

The Chamber adjourned at a late hour.

The Coming Fair

Wednesday, September 28th, has been named as opening night for the big fair to be given by the ladies of St. Francis' church. As the time draws near, interest and enthusiasm increase, and the many workers might properly be compared to the proverbial hive of busy bees.

Owing to change in the mode of entertainment, the affair announced last week under the supervision of Miss Emily Kearney, Mesdames J. H. Murray and A. Koenig, has been postponed for Friday of next week, August 20. These ladies decided to elaborate on their former proposed plan, inaugurating an innovation which renders a perfectly assured success of their undertaking.

A promenade concert and ball will be given for favor from Sonoma Valley pleasure seekers, with concert numbers of superior quality and dance music par excellence.

Sonoma's leading and favorite vocalists, the Misses Helena Clewe, Meta Stofen and Ida Waterman, will contribute solos. The singers, on all occasions delightfully pleasing, will be especially so with Professor Stevenson (violin), and Mrs. Jos. P. Berry, (piano), as accompanists. Prof. Stevenson ranking high in the musical circles of the county, and Prof. D. C. Smith, bandmaster, and without a peer in the state as a cornet soloist, will contribute numbers which prove a treat to music lovers. Talent from Santa Rosa, to be announced later, will assist, and it is sufficient to say that the event will be the finest affair in every respect given in Sonoma for many months. Music for dancing is to be provided by Mrs. J. P. Berry's orchestra, a guarantee of excellence. The hall will be beautifully decorated, and no detail of perfect arrangement neglected. Admission fifty cents.

—Contributed.

Special Meeting of Trustees

The Board of Trustees of the city of Sonoma met in special session in the City Hall last evening for the purpose of deciding on the line of water pipe across the creek passing the Duhring bridge and seeing about the construction of a stone bridge at that place.

On motion of Trustee McDowell seconded by Trustee Wapner the Sonoma Water Company were allowed to place the water pipe on 2nd Street to conform with the grade of the street, such grade to be given by Mr. Davis, and providing that any extra expense incurred by the placing of the pipe in the building of the bridge shall be paid by the water company.

On motion of Trustee Bates, seconded by Trustee Quartaroli, the Street committee was instructed to procure plans for the construction of a stone bridge on 2nd Street east.

No further business appearing the Board adjourned.

Races September 9th

The Sonoma Driving Club met in the City Hotel parlors last Tuesday night and made final arrangements for the holding of a race meet in Sonoma on September 9th.

The committee in charge report the box stalls built and ready for the racers.

Considerable discussion was indulged in relative to other improvements and it was finally decided to wait until a new lease could be procured or other property secured for the purpose of a race track and then to fix the same up in modern style.

The Club members are working diligently to make the 9th the same success as the races on July 5th. In the evening the Club will give a dance in Union Hall.

The advertising for the event will be placed on the billboards and large cloth signs will be hung in Sonoma, Verano and El Verano at an early date.

The following committees were appointed: Printing,—J. F. Ryan, Dr. A. M. Thomson, M. E. Cummings; Refreshments,—T. Millerick, G. Marcy, E. Campbell; Marshal, J. M. Millerick; Gate Committee,—J. Valente, J. Allison, P. G. Keil; Track Committee,—J. Millerick, J. Watt, T. Silva; Program Committee,—Dr. A. M. Thomson, J. Ryan, M. E. Cummings; Music Committee,—J. F. Ryan, M. E. Cummings, Dr. A. M. Thomson; Ball Committee,—G. Marcy, J. Watt, T. Millerick, J. Murray.

W. H. Bridges, P. Mosner, and W. A. Werner made application for membership and were duly elected as such.

Watch these columns for further particulars.

Death of Mrs. Weise.

Mrs. Catherine Weise, a former well known resident of this valley, died in San Francisco last Monday. Deceased had been ailing for some time and death came as a sweet release from much suffering. The remains were shipped to this city Tuesday evening. The funeral took place Wednesday morning from St. Francis' Church, Father Leahy officiating. Interment was in the Catholic cemetery on Napa street.

Mrs. Weise was a sister of L. H. Green of this city and will be kindly remembered by many of the older inhabitants as a very estimable lady.

Thaw Adjudged Insane

Justice Mills rendered a decision Thursday morning, at White Plains, N. Y., that Harry K. Thaw is insane, and dismissed the writ of habeas corpus under which Thaw endeavored to secure his release from Matteawan and remanded him to the custody of the State authorities at that institution.

Wise Talks by the Office Boy.

No amount of talent will free a man of hard work if he wishes to court success. Cornelius Vanderbilt who made two hundred million dollars, was asked the secret of success.

"There's no secret to it," he answered. "It's just dig, dig, dig." When some one said to Edison, "Don't you believe that genius is inspiration?" the man who has taken out more patents than any other inventor who ever lived, replied, "No, genius is perspiration." In this world a man can't get something for nothing. He may do it once, but if he attempts to make a living on that principle, he's bound to land eventually in the morgue, the poorhouse or the jail. You can have as much success as you like, but you've got to be willing to pay its price in the only coin that passes current in the market where it is sold—hard work.

That's pretty true talk, isn't it? Well, we're all hard at work selling reliable goods at bedrock prices. We might make more money selling less goods on a bigger margin of profit, but we would rather be busy.

Mrs. R. J. Snyder came up from San Rafael Monday, and spent the day attending to business matters.

Ladies' Aid of the Methodist church will meet at the home of Mrs. J. J. Danbar, on Broadway, Thursday.

James I. Wark, the well-known Petaluma confectioner, accompanied by his wife, made Sonoma a visit Monday.

Hon. Frank L. Coombs has been selected as the orator of the day at the September 9th celebration in Santa Rosa.

Mrs. Herbert Schmitz and family, of Glen Ellen, leave for Nevada where they expect to reside permanently, this week.

Eph. Weiss, the expert refracting optician of San Francisco, will be in Sonoma at the Union Hotel September 2.

Ben Spindler, former foreman of Snyder ranch, was in town Monday attending to business and renewing old acquaintances.

Ernest Clewe, from Berkeley, where he is attending the State University, spent a few days with relatives in this city this week.

J. K. Bigelow, family and the Misses Kenyon are expected home this week from a trip of a month's duration at the exposition in Seattle and in Yellowstone Park.

Rev. R. L. Rowe, of Yuba City, formerly pastor of the Methodist church in this city, will occupy the pulpit Sunday in the Methodist church both morning and evening.

Ben Noonan and a party of friends drove down from Santa Rosa in a Stoddard-Dayton last Sunday. This is the car with which Noonan won the race in Santa Rosa recently.

S. Myers, a capitalist from Humboldt county, passed through Sonoma and Napa counties last week, prospecting for land. He stopped several days at the home of N. Bonanda, near Sear's Point.

Our Trustees are busy this week meeting as a board of equalization and probably next week will have a few property holders in their wool for raising the assessments on their property. Let us hope, however, that they fear not public wrath, but will do their duty—bringing all property up to the right assessed value and forcing people who hold the assessed value of their property at a ridiculously low price when they will not sell the same for a very high figure to pay the proper amount of taxes. Stand by your colors and don't be hoodwinked.

The oil craze in Petaluma is in full blast and land is being bought, leased, contracted or any way to get hold of it. It begins to look as though there was something in the craze too. Natural gas is there in plenty and has a great pressure and experts claim there is oil further down. If found Petaluma is made, and although we envy our sister city we must congratulate her and wish her all possible success.

The farmers of Sacramento valley, particularly on the west side of the river, have organized an association to protect themselves from the inroads being made on their bank accounts by the middlemen. The farmers are determined to break the system of giving middlemen a commission, and will deal directly with the buyer.

W. O. Hocker and family will move their household goods to Santa Rosa tomorrow, where they will reside in the future. Mr. Hocker will return to Sonoma in a few days, after seeing the family settled in their new home, and remain several weeks, settling up several business affairs requiring his attention.

There was a hot time at the ball game at Boyes Hot Springs last Sunday. The contesting teams were Gantner vs. The Barney Frankels, and the game was won after a hard fight of 11 innings by the Gantners. There was the usual large crowd in attendance. Score 4 to 5. Next Sunday there will be another game.

Mrs. Evelyn Thaw denies that she contemplated suit against her husband for \$500,000 or against any of the Thaw family. She said it was true that her August check for \$180 had not come to her, and added that she was practically penniless and did not know where her next dollar was coming from.

Rumor has it that shortly the passenger train running on the N. W. P. Ry. to Glen Ellen, will run from that place via Ignacio to Santa Rosa, and that another train will run in an opposite direction. This has not been announced officially as yet.

Articles of incorporation of the Lakeville Telephone Company were filed in the office of County Clerk Wright on Saturday. This line will run from Petaluma to Lakeville and will furnish phone service for many of the ranchers enroute.

Alphonse Roques, of El Verano, and Miss Chanteloup, of Oakland, were married in Santa Rosa Wednesday. They will make their future home at El Verano, where the groom holds a position as chef at one of the leading resorts.

A. W. Robbins

Saturday morning A. W. Robbins, of Windsor, who was stopping in El Verano for the benefit of his health, was found dead in bed at the Helvetia Hotel. Coroner Blackburn was notified and an inquest was held, the verdict being death from heart failure. The remains were brought to Bates' undertaking parlors and the same afternoon were shipped to Windsor for interment.

Johnson Escapes

York, Pa., Aug. 12.—After having been brought from Santa Rosa, Cal., on charge of murder in Cecil county, Maryland, Scott Johnson, 23 years of age, jumped from the plat form of a sleeping car a few miles south of here at 8 o'clock this morning, and made good his escape from Sheriff H. G. Hager, just as he was a few miles from the Maryland state line.

Johnson is the man who surrendered to Deputy Sheriff Joseph F. Ryan in Sonoma about the first of July, saying that he was wanted for murder in Maryland. He was taken to the county seat and held until Sheriff Hager had identified him as the man wanted for murder of a man on a farm near Port Deposit, Maryland, in April, and came after him.

Sheriff Hager was advised by Sheriff Smith to take every precaution to prevent the prisoner making an attempt to escape and even offered the use of an "Oregon boot" to the officer, which was declined. Hager said he never used anything but handcuffs and chained his prisoners to the seat.—Press-Democrat.

The Snowball Club

Sunday morning a special train arrived at Agua Caliente Springs bearing the Snowball Club of Vallejo for their annual outing at this resort. The Marine band was with them and throughout the day furnished excellent music for the fifty odd Snowballs present. Prof. Glass played several solos and other members showed their talents as well. Many Sonoma people were there also and added to the already large gathering. The many amusements at the Springs were enjoyed by all and everyone present reports a day well spent amidst congenial surroundings.

Napa Saloonmen Arrested

E. E. Kinnett, the special officer the United States Indian Service who has been working in Lake county and the northern part of Napa county for several weeks, got busy in Napa Tuesday evening.

Using the same aborigine who was responsible for the arrests and fining of eight people during July for selling liquor to an Indian, Kinnett swooped down upon the local saloons. For a genuine red man to get fire water in Napa, was evidently not a hard task for Kinnett succeeded in landing six or seven local dealers, all of whom will have charges preferred against them.—Napa Journal.

proper strength. The exact working formula for making these medicines cost Dr. Pierce and his collaborating Chemists and Pharmacists many years of study and experiments, but as perfected they produce almost perfect pharmaceutical compounds, embodying all the active medicinal principles residing in the ingredients employed, and this, too, in such form and combination as to keep unchanged in any climate. Thus the use of alcohol is entirely avoided.

PROOF POSITIVE.
Without solicitation, Mrs. H. Harrison, of 112 West 2d Street, Sioux City, Iowa, wrote us as follows:

"I suffered for more than seven years with a very complicated form of female trouble accompanied with nervous prostration, and after doctoring with six physicians (all having excellent reputations), was informed that unless an operation was performed I would be an invalid all my life. Hearing of the wonderful cures effected by Dr. R. V. Pierce's medicines, and believing that there must be a cure for almost every ailment, I determined to make one more effort. I wrote to Dr. Pierce, and I will never forget his kindly advice, and to follow his instructions faithfully, and not to submit to operation. I commenced to improve after six weeks' treatment, and in five months I was cured. I was pleased to tell them of the wonderful means of cure that I had most fortunately found, and as so many ladies were in need of information regarding Dr. Pierce's world-famed medicines and his plans of treatment, I felt in duty bound to give them the benefit of my experience, so I told them the facts, and the large number of positive cures effected by Dr. Pierce's medicines, alone, used by my recommendation, seemed, in one year's time, nothing short of a miracle. I could not have believed it had I not seen the statistics and known the facts."

Dr. Pierce's Good Temper. It is largely a matter of good health, and good health is largely a matter of healthy activity of the bowels. Dr. Pierce's Pleasant Pellets cure constipation, and are safe, sure, and speedy, and once taken do not have to be taken always. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. By all druggists. **Pellets.**

CALLING.

It is a Cafe and Simple Sport, but Not Cheap One.

The only peril in sailing on an ascension in such good weather as careful aeronauts choose for a voyage is in alighting, and in a well ordered expedition, where all the passengers keep cool and cling to the car, there is no danger at all.

Even if the wind is blowing hard the strong, elastic, woven willow basket takes up the danger part of the shock. One of these baskets ought to yield up its passengers unharmed from a landing in a wind blowing fifty miles an hour.

Ballooning under moderately favorable circumstances is a safe and simple sport. It is not, comparatively speaking, a cheap amusement. An ascent, including the cost of gas, expense of a pilot and transportation of passengers and balloon, some, costs in this country from \$35 to \$75 a passenger. It is less in France. From Paris you can make an ascension for about a hundred francs.

The fare home is a very variable expense. Nothing is more uncertain than the spot where you will land. Of course it is easy to descend whenever you like. You may limit your flight to a couple of hours. Albert White Vorse in Success Magazine.

A Wife Range.
When the surgeon who happened to be spending a night at Dushly Inn had set the broken leg of the weather beaten stranger who was the chief victim of an automobile accident the patient looked up at him anxiously. "See here, doc," he said in a husky voice, "I haven't got much of any money. Would you take out your fee in trade?"

"Yes, I guess so," said the surgeon cheerfully. "What is your trade?"
"Well, I've got a number of things I can do, and as I'm on my feet again," said the patient, "I can hang window blinds, or I can put on lightening rods, or I can play the cornet, and I can do 'em all first rate, if I'm the one to say it, doc."—Youth's Companion.

Women Oyster Gatherers.

The work of oyster collecting and culture is most unsuitable for women, but in France, owing to its tedious nature, it does not appeal to men. Often from an early hour in the morning till late into the evening the women are standing up to their knees in water, with a strong sun beating down on them. The result is that never a year passes without some of them going mad and having to be hurried away to the asylums. The work is well paid, as, indeed, it ought to be, while in the case of the few who own beds the profits are large, and small fortunes are quickly amassed.

A Slight Difference.
The globe trotter was telling about the wonders of India.

"The scenery in some portions of the country," he said, with enthusiasm, "is incomparable. Far, far away, the mountains pile up toward the sky, and stretching off to them are beautiful valleys, while close at hand you can get in sight of a marauding tiger."

"I beg your pardon," interrupted an eager listener, "but did you say inside of a man eating tiger or in sight of one?"—New York Press.

The Laziest Man in the World
would not be contented to be kept in the house and doing nothing by rheumatism. Neither are you, who are always busy and active. Then don't neglect the first twinge of an ache or pain that you might think is just a "crick." Rub well with Ballard's Snow Liniment and ne matter what the trouble is, it will disappear at once. Sold by L. S. Simmons.

An election to decide the "wet" or "dry" question was held in Plumas county on Saturday and the county went "dry" by a seventy-five majority. The election was hotly contested and several arrests for fraudulent voting were made.

Baby Morphine Fiends
are made by soothing syrups and baby medicines that contain opium and narcotics. McGee's Baby Elixir contains no injurious or narcotic drugs of any kind. A sure and safe cure for disordered stomachs, bowels and fretfulness—splendid for teething infants. Sold by L. S. Simmons.

A dispatch from Los Angeles says: With peaches selling four pounds for one cent, cantaloupes selling at 10 cents per dozen, and apricots rotting, as they can't be sold at any price, the ranchers and commission merchants are disgusted while the housewife is rejoicing. The cantaloupe growers declare they will let the melons rot on the ground before they will pick them at such prices. At a meeting of the growers held last Saturday an agreement was entered not to gather the cantaloupe crop except at \$1 per box was received for the choice ones. Fine ripe tomatoes were selling for 10 cents a box Saturday.

Disagreeable at Home.
Lots of men and women who are agreeable with others get "cranky" at home. Its not disposition, its the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbine and put your liver in shape. You and everybody around you will feel better for it.
Price 50 cents per bottle. Sold by L. S. Simmons.

"1892" Pure Spun Aluminum Ware

15 Days at Our Risk

Buy any piece of this ware from your dealer—try it fifteen days. If in that time you find that all the claims we make for it are not true, and if it is not just as represented, take it back and get your money.

Here at last is the ideal kitchen and cooking utensil—"The Ware That Wears"—made from Pure Spun Aluminum, and guaranteed by the makers to last 25 years with average usage. "Spun" Aluminum, mind you, not cast Aluminum, which will sometimes crack and scale. Spun Aluminum Ware will never crack, peel, scale or break.

Enamel ware is iron coated with colored glass. Iron expands with heat. Colored glass does not, but chips off into the food with dangerous results to those who eat it.

"1892" Pure Aluminum Ware Saves Doctors' Bills.

It enables you to bake bread, pies, pancakes, etc., without grease, which is the great cause of dyspepsia and indigestion. Aluminum griddles require no grease; hence are smokeless and odorless.

"1892" Pure Aluminum Ware Will Not Scorch or Burn

—is easily cleaned, will not rust or corrode. Handsome in appearance. Looks like silver, but weighs only about one-fourth as much, and is light and convenient to handle.

The original and only genuine Spun Aluminum Ware is made by the Illinois Pure Aluminum Co. at Lemont, Ill. Every piece bearing their trade-mark, the Maltese Cross, and marked "1892" Pure Aluminum Ware is absolutely pure, wholesome and hygienic—guaranteed for 25 yrs.

See that you get the right goods and accept no substitute.

ENAMEL WARE CAUSES CANCER, SAYS DOCTOR

Tells Homoeopaths Particles From Dishes Start Growths in Stomach.

Special Dispatch to The North American. ATLANTIC CITY, Sept. 11. INTRODUCTION of modern enamel ware in the kitchens of the country is responsible for many cases of cancer, was the startling theory advanced by Dr. William H. Pfaffenschlag, of New York, in a paper entitled, "Observations on the Etiology of Cancer," read before the Bureau of Sanitary Science and Public Health, at which leading experts of the International Homoeopathic Congress met today to discuss questions of public health.

The argument advanced was that chips of the hard-coated dishes used in preparation of meals allowed minute but dangerous particles of foreign matter to become mixed with the food. These are taken into the stomach, where the cancerous growth is caused by ailments which they make in the walls of the organ.
